--------------	--

■ Reason for Upgrade

Optimize product performance.

■ Fixed Issues

- NVR failure when NVR with multiple (more than one) HDD is added to Hik-Central
- NVR stops recording if time synchronization (NTP, Hik-Central, etc.) occurs within a minute after DST time shift
- Large database causes search and file read/write failure

■ Customer Impact and Recommended Action

This new firmware upgrade is to improve product performance and will take effect automatically after upgrading from previous versions.
